**I joined the WWS some time after moving to Wickford. That's how I met Martin Singleton. He kindly supplied photos and videos for my “FLY WILD” music video, and allowing modification. At the end of this video, you will see “Fly Wild... Fly Free...”. I had Hongkongers in mind while working on the video.**

**I joined many WWS walks and took photos and videos while walking. Some of the photos are included in this Display.**
